## What Is This Screen?

**CTA LMS → Courses** manages all products: **CE Courses** and **Exam Preparation Programs**. You control what is live on the website, pricing, and open each product to edit content.

| CE Courses       | Continuing Education courses (CE hours + certificate)  |
| Exam Preparation | Exam Prep programs (6-month access, no CE certificate) |
| All              | Both types in one list                                 |

## Top Buttons

| CE Courses tab                                     | Exam Preparation tab                 |

**CE warning:** CE courses must stay Draft until CAMFT CEPA provider approval. Publish requires confirmation dialog.

**Exam Prep info:** Published = on website + checkout. Draft = hidden. No CEPA confirmation needed.

## Published vs Draft Rule

| Status    | Website            | Checkout |
|-----------|--------------------|----------|
| Published | Visible on catalog | Works    |
| Draft     | Hidden             | Blocked  |

Existing enrolled learners keep access if you Unpublish — only new sales stop.
