

Supervision Approvals — Client Guide

Clinical Training and Supervision Academy | CTA LMS Admin | Generated: 2026-08-11 | Plugin v1.0.190

What Is This Screen?

CTA LMS → Approvals (Supervision Approvals) is where you review and approve **Associate** applications for the **Clinical Supervision program**. This is separate from CE courses and Exam Prep — it controls who may book supervision sessions, upload BBS documents, and use the Supervision Dashboard.

Golden rule on this page: Approval Status = application vetting (your decision). Plan Status = whether they purchased or were assigned a supervision plan. **Full supervision access requires BOTH Approved AND an active plan.**

Filter Tabs

Tab	Shows
All	Every associate with a supervision application or plan on file
Supervision Application Pending	Associates waiting for your review — check this daily
Approved	Associates you have approved
Rejected	Associates whose applications were rejected or revoked

Table Columns

Column	Meaning
Associate	User name
Email	Contact email (click to mail)
Approval Status	Pending (orange) or Approved (green) or Rejected
Plan Status	What plan they have: Purchased Group Supervision, Purchased Supervision + CE All-Access, Agency-assigned plan, or No Plan
Access	Full access Locked Awaiting plan
Purchase / Assigned	Date of Stripe payment or admin plan assignment
Actions	View Details, Approve, Reject, Assign Plan

Access Column — Three States

Access	Meaning
Locked	Application pending or rejected — supervision features blocked
Awaiting plan	You approved them but they have no purchased or assigned plan yet
Full access	Approved + active plan + active Stripe subscription — can book sessions and use supervision dashboard

Complete Supervision Workflow

Step 1 — Associate Registers

User registers on website and selects **Associate** role. They can immediately purchase CE courses or Exam Prep — those are NOT blocked by supervision status.

Step 2 — Associate Applies for Supervision

Associate completes supervision application (agency/employer details) from their dashboard. Status becomes **Supervision Application Pending**. Admins receive email notification. Row appears on this Approvals page with Access = **Locked**.

Step 3 — Associate Purchases or Gets Assigned a Plan

Two paths:

- **Self-purchase:** Group Supervision (\$260/mo) or Supervision + CE All-Access (\$350/mo) via Stripe
- **Agency-paid:** Admin uses **Assign Plan** on this page (Group or Hybrid) with optional employer note

Plan Status column updates to show purchased or agency-assigned plan.

Step 4 — You Approve (Admin Action)

Review associate details → click **View Details** → click blue **Approve** button. Approval Status becomes **Approved**.

Step 5 — Full Access Unlocks (Automatic)

If Approved AND active plan AND Stripe subscription active: Access = **Full access**. Associate can:

- Open Supervision Dashboard
- Book group/individual sessions (Bookings page)
- Upload BBS documents
- Access supervision resources

FLOW: Register as Associate → Apply for Supervision (Pending) → Purchase or Assign Plan → Admin Approve → Full Access

Important: Pending supervision application does NOT block CE courses or Exam Prep the associate already purchased. Supervision booking and materials stay locked until approved.

Action Buttons

Button	When to use
View Details	See full record: registration date, plan name, payment amount, Stripe reference, agency assignment note, rejection reason
Approve	After vetting application — grants approval status (still needs active plan for full access)
Reject	Deny application — supervision stays locked; optional internal reason
Revoke / Reject	On already-approved associates — removes approval and locks supervision access
Assign Plan	Agency/employer pays — assign Group or Supervision + CE without associate paying via Stripe

Available Supervision Plans

Plan	Price	Includes
Group Supervision	\$260/month	Supervision sessions only
Supervision + CE All-Access	\$350/month	Supervision + access to all async CE courses (not Exam Prep)

What You Handle vs Automatic

You handle	Automatic
Approve / Reject applications	Email to admins when application submitted
Assign agency-paid plans	Stripe subscription sync via webhook
Review View Details before approving	Access calculation (Approved + plan + active sub)
Revoke if associate leaves program	Users page shows supervision status mirror

Common Scenarios

1. **Paid but still Locked** — They purchased plan but you have not Approved yet → click Approve.
2. **Approved but Awaiting plan** — You approved but no payment → associate must purchase or you Assign Plan.
3. **Agency pays for associate** — Use Assign Plan with employer note → then Approve if not already.

4. **Associate only wants CE** — They do not need Approvals — they buy CE/Exam Prep like any Licensed Professional.
5. **Cancel supervision** — Use Users page → Cancel at Period End on Stripe subscription.

Links to Other Screens

- **Users** — Supervision column shows same status; Sync Stripe / Cancel subscription
- **Bookings** — Sessions booked by associates with Full access
- **Dashboard** — Active Subscribers count includes supervision subscriptions

Summary: Supervision Approvals is your vetting desk for Associate supervision applications. Approve qualified associates who have (or will receive) a plan — full supervision access unlocks only when approval and active plan both exist. CE and Exam Prep access is never blocked by a pending supervision application.
